Title The rich and the poor

Introduction We must end poverty in all its forms everywhere.

Problem According to one expert, ending worldwide poverty in 20 years would cost about \$175 billion per year. This sounds like a lot, but it is less than one percent of the income of the world's richest countries. Twenty-seven of the 28 poorest countries in the world are in Africa.

Solution Village Enterprise is an American company that was formed in 1987. They help East Africans start small, sustainable businesses such as restaurants, tailors, farms, and small shops by providing training and start-up money. By 2019, Village Enterprise had transformed one million people's lives.

Reaction I was surprised to find out that we could end poverty if we wanted to.

Actions I can find out more about the causes and effects of poverty around the world. I can give food or water to people begging on the street. I can learn about fair-trade products and try to buy them when I can.
